

IGMS Deviation ORE

SI. No	Abbreviation / Acronyms	Definitions
1	PI	Principal Investigator
2	ORE	Officer of Research
3	DOR	Director of Research
4	AI ORE	Academic Institution Office of Research
5	AI DOR /AI Dean	Academic Institution Director of Research
6	PM	Programme Manager
7	FR	Fund Requisition
8	PR	Progress Report
9	The end of term	The Original project end date of a project without extension/termination or the Revised project end date after extension/termination
10	Outstanding progress report	A progress report which has a submission due date before the first endorsement date (refers to the next slide)

SI. No	Abbreviation / Acronyms	Status
11	Outstanding progress report	Below is the example of Outstanding progress report:

S/N	System Date	Submission Due Date	DOR Endorsement Date	Progress Report Status	Mark as Outstanding?
1	5-Oct-18	31-May-19	blank	Pending Submission	No
	30-May-18	31-May-19	blank	Pending Submission	No
2	31-May-19	31-May-19	31-May-19	Submitted to PM	No
3	1-Jun-19	31-May-19	blank	Pending Submission / Pending ORE's verification / Pending DOR's endorsement	
	2-Jun-19	31-May-19	2-Jun-19		No (system will lift 'outstanding' status after DOR's endorsement on 2 Jun 2019)

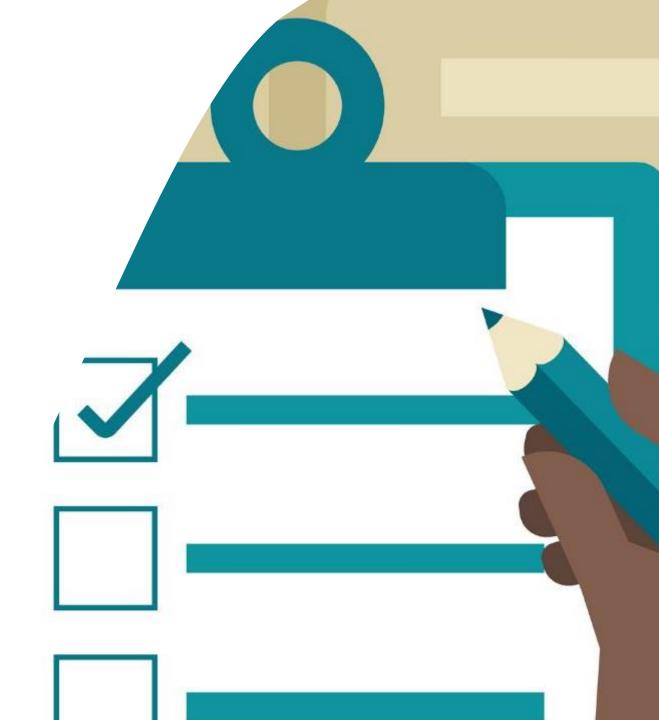

SI. No	Abbreviation / Acronyms	Status
12	Outstanding deviation	A deviation which has status not "Approved" or not "Rejected" or not "Rejected by DOR" under the same Award ID. Below are the Deviation Status which are catered as outstanding: a. Pending ORE verification b. Pending DOR endorsement c. Pending resubmission d. Submitted to PM e. Supported f. Pending AI ORE verification g. Pending AI DOR endorsement h. Pending Lead PI endorsement i. Pending Lead ORE verification j. Pending Lead DOR endorsement k. Pending new HI ORE verification I. Pending new HI ORE verification n. In progress

SI. No	Abbreviation / Acronyms	Status
13	Outstanding fund request	A Fund request which has status not "Approved pending payment" and not yet generating FR invoice journal under the same Award ID. Below are the Fund Request Status which are catered as outstanding: a. Pending HI HR input b. Pending resubmission c. Pending resubmission c. Pending PI input d. Pending review e. HI finance clarification f. Pending PM review g. Supported h. PI clarification i. Pending workflow submission j. In progress

Learning Objectives

- 1. Login and access dashboard
- 2. Deviation overview
- 3. Workflow of "Pending ORE verification" deviation:
 - Deviation in Portal
 - Route deviation to "Pending ORE verification" status
 - ORE's access to view and work on the deviation
 - Verify action
 - Return action
- 2. Download deviation

After user fills in all required information of a deviation, user should provide his/her justification and attach supporting document(s). Please note that system accepts file size up to 4 MB and below file types :

.txt, .doc, .pdf, .zip, .xls, and .xlsx

Provide a reason of the deviation in no r	nore than 5000 characters.				To input or view justification of each deviation, open Justification tab
File types allowed: txt, doc, pdf, zip, xts + Add files	ne download button. on. Once completed, click the "Upload" button. . The maximum size for each file is 4 MB. d Cancel upload Delete e displayed after anti-virus scan is completed. Plea Size/Status	e wait and visit this page later.	Check all	2	To view, upload, and download attachment, open Supporting documents tab. Only requestor can upload a document(s) to Deviation.

Before submission, page status of each breadcrumb should be in green color.

User should complete all compulsory information and pass each page validation then it will be marked by a green icon.

Click on "Yes" radio button to acknowledge deviation. User can input comments that will be displayed on Action trails tab.

Click on the Submit button after user passes each page validation and acknowledges the deviation request.

Please ensure that there is at least one active ORE in the Institution at all times, to avoid disruptions to workflow.

User can view all deviations submitted for his/her project(s) through Deviations/View Deviations. Click on Deviation type hyperlink to view its detail.

Validation on Submission / Verification / Endorsement - 2

System displays below error message when :

2 Project extension request is submitted/verified/endorsed less than 6 months from the original end of the term

1	Ептог	×
_	Request for deviation should be made before the last 3 months from the end date of the project. Please contact your Office of Research for assistance.	
		ок 🗸

Validation on Submission / Verification / Endorsement (All Deviations except for Project Extension) - 3

Scenario type	Original Project End Date	Revised Project End Date	Last Date of Submission (based on PI submission/ORE verification/DOR endorsement date)	Example of Deviation Submission
A project with no extension and no termination	31 Dec 2019	-	3 months (93 days) before 31 Dec 2019	User can submit a deviation until 29 Sept 2019. Beyond that, system prompts
				"Request for deviation should be made before the last 3 months from the end date of the project. Please contact your Office of Research for assistance."
A project with an extended project end date	31 Dec 2019	30 Jun 2020	3 months (93 days) before 30 June 2020	User can submit a deviation until 29 Mar 2020. Beyond that, system prompts the above error message.
A project with a terminated/shorten ed project	31 Dec 2019	31 Mar 2019	3 months before 31 Mar 2019	User can submit a deviation until 28 Dec 2018. Beyond that, system prompts the above error message.

Validation on Submission / Verification / Endorsement (for Project Extension) - 4

Scenario type	Original Project End Date		Last Date of Submission (based on PI submission/ORE verification/DOR endorsement date)	Example of Project Extension Submission
A project with no extension and no termination	31 Dec 2019	-	6 months (184 days) before 31 Dec 2019	User can submit project extension until 30 Jun 2019. Beyond that, system prompts
				"For extension request raised less than 6 months from original end date: Request for extension should be made before the last 6 months from the original end date of the project. Please contact your Office of Research for assistance."

Deviation Rule

Deviation Rule - 1

Refer to the summary table below for the approving authority of the various deviation types:

Deviation Type	Approving Authority
Change in Project Scope	Grantor
Change in Project Duration	
Change of Research Team	
Change in Institution / Academic Institution	
Trim Project Budget	
Change in Supplemental Funding for Human Capital	
Exception Cases	
Fund Virement	DOR
(i) within vote virement	
(i) across vote virement of cumulative amount of <10% of the total project direct cost value	
Fund Virement	Grantor
(i) across vote virement of cumulative amount of >10% of the total project direct cost value

IGMS will take into account any outstanding claim and disbursed amount and prompt an error message if there is insufficient budget for the current virement request. The calculations are done as follows:

- 1. Latest Approved Budget Disbursement Outstanding Claim = Budget Balance
- 2. Budget Balance + Amount to vire = Revised amount

IGMS will prompt the error message to amend the virement amount, if the revised amount is less than \$0 (refers to slide on <u>Virement of funds – 13</u> for the detailed error message).

After clicking on Next button, Vote details page is loaded. Under Vote details page, system displays line items of each vote.

Each panel represents each PI's project budget

Remaining Amount to vire refers to the fund virement amount of the respective budget vote which a requester has earlier indicated in the Virement Summary section for an inter-vote virement request. A requester should input the virement amount in the affected budget line item(s) of the budget vote until this field becomes \$0 to proceed with the submission. Note: This field will be \$0 for an intra-vote virement request.

Input a fund virement amount – a positive amount to transfer funds into a line item, and a negative amount to transfer funds out of the line item.

User is also able to update other information of vote lines, such as : Number of pax, Quantity and Annual salary package by clicking on the Vote line's hyperlink.

Cumulative virement to date (\$) is the total amount which is vired across votes / sub-projects to date (inclusive with the current virement request).

System excludes "SHC amount", "Budget trim amount" and "Virement within vote within sub-project" in this calculation.

Cumulative virement to date (%) is calculated by the following formula:

Cumulative Virement Amount

Note:

1. Total Latest Approved Direct Cost

The latest approved direct cost (excludes IDC) of all votes

2. SHC Amount

The latest approved SHC amount does not contribute total latest approved direct cost for Cumulative Virement %

Refer to below scenario to understand how system calculates the "Cumulative virement to date"

- 1. A sub-project had the first virement request from EOM to EQP amounted to \$100. System displayed the "Cumulative virement request" as \$100.
- 2. Later on, other sub-project under the same Award ID requested a virement from EQP to OOE as much as \$50. System displays the "Cumulative virement request" to be equivalent as \$150.
- 3. Subsequently, a budget trim was raised to cut the sub-project budget amounted to -\$100. System still displayed the "Cumulative virement request" as \$150. System excludes budget trim from the calculation.
- 4. The current virement requested a virement within EOM within the sub-project amounted to \$50. System still displayed the "Cumulative virement request" as \$150. System excludes virement within vote within sub-project from the calculation.

Refer to the next slide for the above illustrations.

Case 1 of Single Project:

Total direct cost of Award = \$1,000.00

Total direct cost represents the total Latest approved amount of an Award excluding IDC and SHC.

Transaction No.	Project No. (Award ID)	Vote	,	Cumulative Virement Request (S\$)	Cumulative Virement %
Virement 01	Project-01 Project-01	EOM EQP	-100.00 100.00		10.00%
Virement 02	Project-01 Project-01	EQP OOE	-50.00 50.00	150.00	15.00%
Trim 03	Project-01	EOM	-100.00	150.00	15.00%
Virement 04 (within a vote to vire	Project-01	EOM	-100.00	150.00	15.00%
between line items)	Project-01	EOM	100.00		

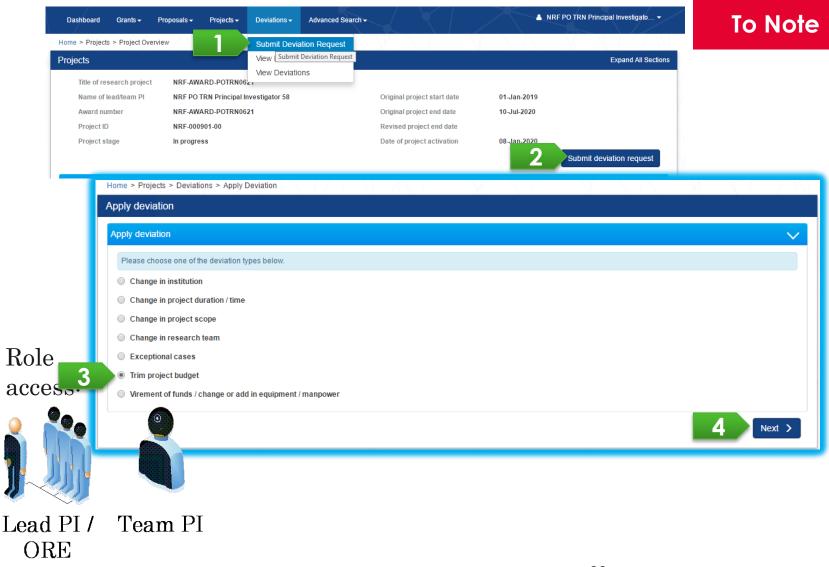

Case 2 of Multi-budget Project:

Total direct cost sub-project -01 = \$600.00

Total direct cost sub-project -02 = \$400.00

The total Latest approved direct cost of the Award = \$600.00 + \$400.00

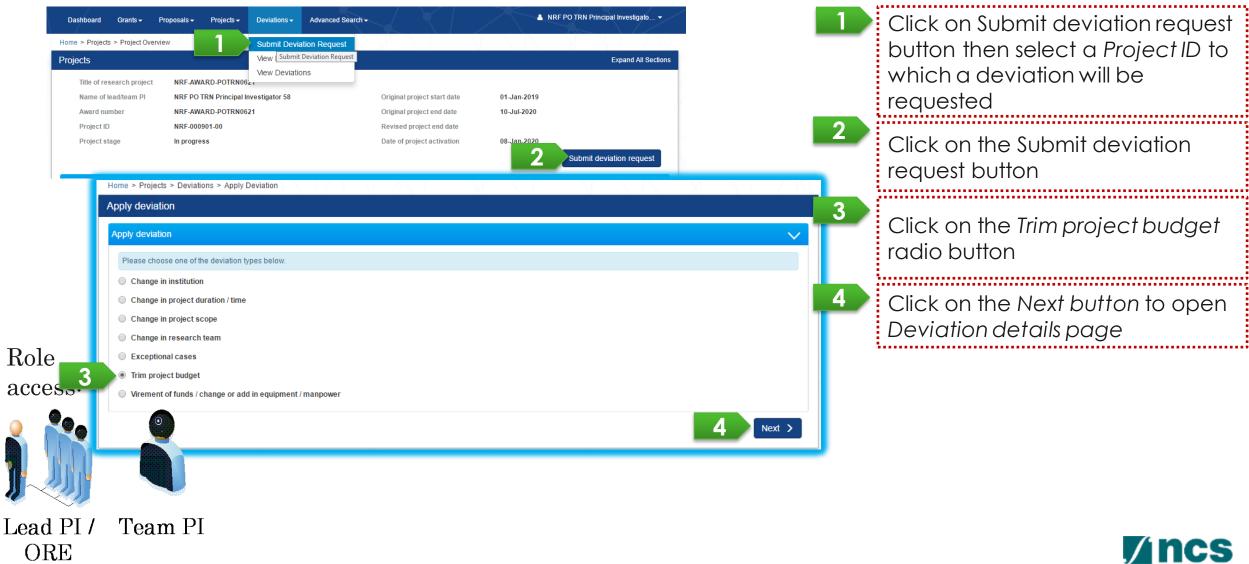

Transaction No.	Project No. (under an Award ID)	Vote	· ·	Cumulative Virement Request (S\$)	Cumulative Virement %
Virement 01	Project-01 Project-01	EOM EQP	-100.00 100.00		10.00%
Virement 02	Project-02 Project-02	EQP OOE	-50.00 50.00	1.50 00	15.00%
Trim 03	Project-02	EOM	-100.00	150.00	15.00%
Virement 04 (within a vote to vire	Project-02	EOM	-100.00	150.00	15.00%
between line items)	Project-02	EOM	100.00		

Prerequisite :

- No outstanding Virement, outstanding Change in SHC, and no other outstanding Budget Trim under the same Award ID
- Date of submission of this deviation request is equal or more than 3 months before the end of term* (refers to <u>Definitions</u> slide)
- Budget trim request refers to removal of budget under scenarios such as project termination, wind-down, reduction of project scope.
- For fund virement request, please select the option
 "Virement of funds/change or add in equipment/ manpower" (refers to Virement of Funds slides).

Project ID represents each project budget of lead PI and team PI Cumulative virement to date (\$) and Cumulative virement to date (%) refers to the cumulative fund virement amount across budget votes from previous fund virements. Co-funding percentage limits the total 3 revised amount of each sub-project Latest approved budget refers to the latest approved budget after approved virement (if any). The disbursement displays amount of 5 approved fund request and SOA. In case of advancement, disbursement includes commitment amount

To Note

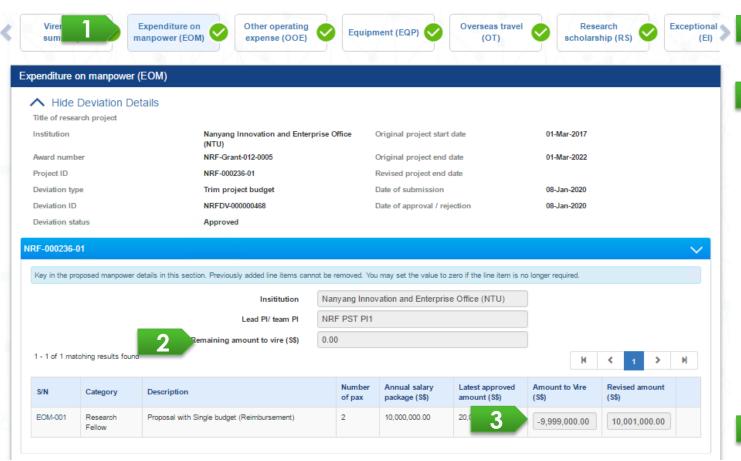

8.003.2600

IGMS will take into account any outstanding claim and disbursed amount and prompt an error message if there is insufficient budget for the current virement request. The calculations are done as follows:

- 1. Latest Approved Budget Disbursement Outstanding Claim = Budget Balance
- 2. Budget Balance + Amount to vire = Revised amount

IGMS will prompt the error message to amend the virement amount, if the revised amount is less than \$0 (refers to slide on <u>Budget Trim - 8</u> for the detailed error message).

Under Vote details page, system displays line items of each vote.

Each panel represents each PI's project budget

2

Remaining Amount to vire refers to the fund virement amount of the respective budget vote which a requester has earlier indicated in the Virement Summary section for the budget trim request. User should input the virement amount in the affected budget line item(s) of the budget vote until this field becomes \$0 to proceed with the submission.

3 Input a budget frim amount (negative amount to transfer funds out of the affected line item(s))

User removes (updates Revised amount to be 0) an approved line item by clicking on the Remove button.
